### RETHINKING YOUR OPINION OF OUR BAY VIEW COMMUNITY ASSOCIATION

The Office and Committee Chairpersons and Co Chairperson over the past years have left a legacy for their dedicated work.

Ray Diamond, Vice President and Co-Chair of the Public Safety Committee wrote a Proposal for Closed Circuit Television Cameras and designed by Diana Diamond in 2007.

This proposal was received favorably for funding by our elected officials, Charles Barron, Councilman, Alan Maisel, Assemblyman, and John Sampson State Senator. At this time funding has only been secured by Assemblyman Maisel. Councilman Barren and State Senator Sampson had to resubmit a request for Capitol Funds in the 2008-2009 city and state Capitol Budget.

Sheryl Boyce, Recording Secretary, Co-Chair and formerly Chairperson were responsible for keeping a written record of all the proceedings of the Executive Board and Membership Meetings. These minutes are legal documents and contribute to a record of our history. As chairperson from 2005-2006 and Co Chairpersons 2006-2008 of the Program Committee she spearheaded many of the social/cultural/funding raising programs. Lorraine La Barke also served as Co-Chair and later as chairperson of the Program Committee.

Cecil Harris is Treasurer of our Association. She states that this is a rewarding (Not Financially), and gratifying experience. Since retirement I like to give back to the Community. Ms Harris is responsible for the development of our Children's Chorus "The Bay View Association's SINGING SENATIONS".

Barbara Brown, Chairperson Grievance Committee. She stated that her responsibilities are to advocate for the residents to help resolve complaints with management regarding repairs and other issues they might have with them.

Brad Seigel, Modernization Chairperson. I have conducted surveys which identified structural problems around the development. The problems were reported to management during our monthly meetings, there was significant progress as a result.

Dolores Burneister and Lillian Schuman Chairperson and Co-Chair, of the Membership Committee, states that they want to thank all of the members who have paid their dues of \$3 each year. This money is used for operational and some program expensive.

Rosette Anderson, Hospitality Chairperson she has served as our official welcoming committee. Prepared and distributed refreshments at the General Membership Meeting to encourage comradery.

Sylvia Whiteside, President as you leader I have worked diligently to rebuild this organization and improved the quality of life. Due to working with our elected officials we have been given governmental grants to assist us with operational and program expenses. We have also gained the respect of Canarsie due to supporting Civic Associations as they work to improve life in this community.

I am encouraging every age group to get off the Bay View Tour Bus and join A Committee and help us to expand the possibilities and opportunities for Bay View. HAVE A GREAT SUMMER.
